**Sponsorship:** LED signage is a possibility to produce sponsorship logos to help with sponsorships. This gives us something else to offer our sponsors. This sign would go on the concession stand. Our options are:

- a) Buy a TV and take it down every time after the football game. It will only be displaying the ad while it is hanging up during the game. Someone would have to be responsible for taking it up and down and connecting to the computer for the advertisements each game. It cannot be up during rain or mist due to damage. \$1,000.00 cost estimate – 65" TV
- b) Outdoor rated TV can be installed and left up but the cost is 3 or 4X the regular TV. Limited warranty and limited life expectancy. Still not meant to run constantly so it would need to be turned off after each game. Advertisements would only run during the game. \$3,500.00 cost estimate – 65" TV

- c) LED Sign is meant to be on all of the time. Has extended warranty life. You would be able to identify the ads from the bleachers. LED signs are really bright and can be left on continuously. Can play videos, still images and GIFs. \$5,000.00 cost estimate

Selling ads could pay for the sign over time and raise money for the band. Any other questions send to [sponsors@munfordband.com](mailto:sponsors@munfordband.com)
